

Miriam Dressler
Head of Education | Board Chair
miriamd@thebloomacademywa.org

Hello!

I have been an educator for the last 40 years, and my excitement for each learner's success has not diminished!

I have a Bachelor's in Primary Education, and a Master's in Research and Curriculum Development.

I have worked in many positions in the education field, from classroom teacher to school administrator to teacher educator. I am also a published author with Redleaf Press.

I am the co-owner of Bloom Early Education, an award-winning preschool in Edmonds, WA. We opened in 2015, and were the birthplace of this school, The Bloom Academy. Our enrolled families were interested in staying with us and strongly supported us opening this new campus for Grades 1 – 8.

My role here at The Bloom Academy is to lead the Board of Directors as Board chair, as well as provide guidance to the school for curriculum development and learning programs.

I am thrilled that you have trusted your learner with us. We are committed to their success and look forward to building a strong community with you.
